

富怡精密绣花机

Richpeace Computerized Precise Embroidery Machine

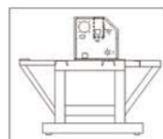

Richpeace®

RPED-FN-906-275(550+40) X680

主要配置及特点 Main Features & Functions

906 series with elegant and compact machine structure, engage small working area but with good stability.

906机架结构，简洁大方，占地面积小，刚性强

Large torsion, high frequency & precision performance Stepping Motor which is well coordinated with Richpeace computer control system.

扭矩大，高频特性好，精度高，与富怡电控匹配性好

All Bearing are equipped with NSK or other Japanese made products.

所有轴承选用日本本土生产的NSK或其它日本本土生产的品牌

Lauan made machine table is used to ensure highest quality to meet the good abrasability performance.

选用进口柳桉木为台板基材，质量高，耐磨性好

常用机型 Popular Models

Series 系列	RPED-FN Series 平绣机系列
Specifications 规格	1-20个头 1-20 heads
Control Panel 电脑控制屏	10.4英寸液晶触摸屏 10.4 inch LCD touch screen
Main Shaft Driving 主轴传动	伺服电机 Servo motor
Frame Driving 绣框驱动	步进电机或伺服电机（根据不同的机型大小） Stepping motor or Servo motor (according to different machine size)
Min. Head Distance 最小头距	6针 160mm, 9针 250mm, 12针 350mm 6 needles 160mm, 9 needles 250mm, 12 needles 350mm,
Speed 速度	最大速度：850转/分 Max. 850rpm
Trimming System 剪线方式	电机驱动或电磁铁驱动 Motorized driving or solenoid driving
